PASSENGER TIME TABLES.

The Company's Official Time Tables are issued quarterly, dating from January 1st, April 1st, July 1st, and October 1st, and all alterations in the train services will be brought into operation on and from one of the dates named.

TRAIN SERVICE ON CHRISTMAS DAY.

The service of trains on Christmas Day will be the same as on Sundays, with certain exceptions, for particulars of which see special notices.

WITHDRAWAL OF TRAINS ON BANK HOLIDAY.

On Wednesday, 26th December (Bank Holiday), and Thursday, 27th December, certain of the ordinary passenger trains shewn in the Time Tables may be withdrawn, of which due notice will be given.

Trains from 12.1 midnight to 12.0 noon are shewn in light type thus: -12.01, and from 12.1 noon to 12.0 midnight in dark type thus: -12.34.

Copies of these Time Tables can be obtained at any of the Company's stations, and will be sent as published by post on receipt of a remittance of 8d. (a year's subscription) by The Chief Passenger Agent, Advertising Department, N.E. Railway, York.

The Company are always ready to receive suggestions from the travelling public in the district as to improvements in the train service, but it must be remembered that the alteration of one train almost invariably means the contingent alteration of a large number of others, and a considerable amount of notice is therefore necessary before alterations can be made. At least two months' notice is necessary, and in the case of alterations affecting the important main line trains not less than three or four months' notice should be received. Any suggestions should be addressed to the District Passenger Agent of the District affected.

GENERAL NOTICES, REGULATIONS, AND CONDITIONS.

NOTICE.—The hours or times stated in these tables are appointed as those at which it is intended, so far as circumstances will permit, the passenger trains should arrive at, and depart from, the several stations; but their departure or arrival at the times stated, or at all or the arrival of any train passing over any portion of the Company's lines in time for any nominally connecting train on any other portion of their lines, is not guaranteed, nor will the Company, under any circumstances, be held responsible for delay or detention, however occasioned, or any consequences arising therefrom. The right to stop the trains at any station on the lines, although not marked as a stopping station, is reserved. The issuing of tickets to passengers to places off this Company's lines is an arrangement made for the greater convenience of the public; but the Company will not be held responsible for the non-arrival of this Company's own trains in time for any nominally connecting train on the lines of other Companies, nor for any delay, detention, or other loss or injury whatsoever which may arise therefrom, or of their lines, or for the acts or defaults of other parties, nor for the correctness of the times over the lines of other Companies.

Parcels sent by passenger trains are received by the Company to be carried only on the same conditions relative to the times of the trains as are stated in the notice above given.

The times from 12.1 midnight to 12.0 noon are shewn in light type thus:—12.34; and from 12.1 noon to 12.0 midnight in dark type thus:—12.34.

PASSENGERS' TICKETS, &c.

To insure being booked, passengers should be at the station more than five minutes before the advertised time of departure of the train, as the Company reserve the right of closing the booking offices five minutes before such advertised time as to secure, as far as possible, the punctual departure of trains. No passenger can alight from a train at any intermediate station for the purpose of being re-booked by the same train.

TICKETS.—No person will be allowed to enter any carriage unless furnished with a ticket authorising him to travel in such carriage, or to remain therein after arriving at the station to which his ticket is available.

ARRANGEMENTS FOR THE ISSUE OF TICKETS.—Tickets are issued at the following stations on application at any time (excepting Sundays) between the hours of 8.30 and 7.0:—Beverly, Bishop Auckland, Bridlington, Castleford, Darlington, Durham, Gateshead (East and West), Hartlepool, Harrogate, Hull, Knaresborough, Leeds (New Station), Malton, Middlesbrough, Newcastle (Central), Newcastle (Bridge Street and Manors), Northallerton, Redcar, Ripon, Saltburn, Scarborough, Shields (High, North, and South), Stockton, Sunderland and Monkwearmouth, Thirsk, Thornaby, Tyne Dock, Tynemouth, West Hartlepool, Whitby, and York.

On Sundays, tickets may be obtained at the above named stations 20 minutes before the advertised time of departure of each train.

At all other stations tickets may be obtained 15 minutes before the advertised time of departure of each train.

Tickets taken between the hours of 8.30 and 7.0 are not available from the station of departure after midnight on the day of issue.

FARES.—Fares will only be accepted and the tickets issued upon the condition that there shall be room in the train, or trains for which the tickets are issued.

If a passenger cannot secure a place in the train for which he has taken a ticket owing to want of room, the fare, if he does not travel by a subsequent train, or the difference of fare, if he travels in a carriage inferior to that for which he has taken a ticket, will be returned.

A ticket must only be used on the day for which it is issued, or during the period for which it is available.

The fares published in the Company's time tables and tourist programmes are those in force at the date of issue thereof, but are subject at any time to alteration without notice.

CHILDREN under three years of age, free; above three years and under twelve years, half price.

EXAMINATION AND COLLECTION OF TICKETS.—Every passenger must produce his ticket, whether contract, season, or otherwise at any part of the journey, to any duly authorised agent or servant of the Company whenever required to do so, and must allow such ticket to be clipped or marked as may be required; and on arriving at the station to which the ticket is issued, or at a place where tickets for such station are collected, must deliver up the same. In the case of contract, season, or periodical tickets, such tickets must be delivered up when the period for which the tickets were issued shall have expired.

Any person travelling or being in any carriage and failing to produce a ticket authorising him to travel and be in such carriage, and any person refusing duly to deliver up the ticket, or to allow the same to be clipped or marked (not being a contract season, or periodical ticket) will be liable to be removed from the train.

The examination of tickets at a terminal or junction station is only to ascertain that passengers are not in a higher class of carriage than that for which their tickets are available. Passengers are therefore requested to be careful not to enter a train which does not stop at a station for which their tickets are taken. The Company do not undertake to see that passengers are seated in the right train, and they will not be responsible in the event of a passenger travelling by the wrong train.

Tickets which have been torn or mutilated, particularly when the date or progressive number is defaced, will not be received, and the holder will be required to pay the full fare.

AVAILABILITY OF RETURN TICKETS.—First and Third Class Return Tickets are issued daily between all stations; those issued for distances of not more than 20 miles are available only on the day of issue, unless issued on a Saturday or Sunday, in which case they are available for return up to Monday night. Return tickets issued on any day for distances above 20 miles are available, the outward half for the day of issue only, and the return half for six calendar months, including the day of issue.

The return journey may be commenced by any train starting from the return station before midnight of the day on which the ticket expires, provided the train stops at the station at which the ticket was issued, or, if on a branch line, then at a station which enables the holder to arrive at the issuing station by the first train in connection with it.

RETURN TICKETS are not transferable, and if a passenger with a return ticket travels one journey, or a portion of a journey, in a higher class of carriage than that for which his ticket is available, he will be required to pay half the difference of fare for such journey, or portion of journey, between the return fare for the class of carriage for which his ticket was available and the return fare for the class of carriage in which he travelled.

PASSENGERS' TICKETS, &c.—continued.

Passengers with return tickets are not entitled, by virtue of such tickets, to travel by trains which are not timed to stop at the station for which the tickets are available.

Passengers holding ordinary or tourist tickets travelling beyond the station for which their tickets are available will be required to pay the difference between the sum actually paid and the fare between the stations from and to which they have travelled, or, at the option of the Company, the fare from the station to which they were booked to the end of their journey.
